- (1) Although Pratchett's "The Last Hero" has been listed as both a novel and a novella in various sources, nearly all of the nominations it received came in this category.
- (2) Technically, Shepard's "Eternity and Afterward" is a novelette. However, most of the nominations that it received were in this category, and many were by people who had already nominated five novelettes, meaning this vote couldn't be shifted. In the interest of giving the story full credit – and since it wouldn't have made the ballot in anyway – we listed it here.
